

Hunday Pastoral Company Quirindi

Chris Law from Hunday Pastoral Company has been preparing show cattle for 35 years with a good reputation for producing prize winning stud cattle.

Hunday Pastoral Company hand feed and break in up to 80 show cattle a year.

Chris has also bred Hereford cattle at his property in Quirindi with great success winning many ribbons at the Royal Shows in Sydney, Brisbane and Adelaide.

He has also won many awards for himself and his clients in county shows in the Prime Steers Category. Chris has worked with most stud cattle breeds including Hereford Angus Charolais Red Angus Murray Greys and Limo's.

Chris Law says, "I have found that since I have been adding Castle Mountain Zeolites into my feed ration the show teams of all breeds have had less incidents of acidosis.

This has meant a better daily weight gain due to no sick day.

To my way of thinking sick days can cost you ribbons and lost ribbons can cost my clients money."
